Dear Students and Parents:

Welcome to Johnsonburg Area High School. This handbook is intended to help you become familiar with our school and its policies, procedures, rules, regulations, activities, and services.

Five important guidelines need to be observed to have an effective school:

- The health, safety, and welfare of all school students and school personnel is paramount.
- The educational process must not be disrupted.
- Everyone is responsible and accountable for their actions.
- A positive attitude and a good work ethic are necessary for success.
- Communication with the school is both expected and needed.

This handbook should be read and discussed by students and parents. It should also be kept readily available.

The handbook is not all encompassing. Specific questions may be addressed to the Johnsonburg Area High School Administration.

Thank you and have a successful school year!

Go Rams!

Sincerely,
Raymond Kelly
Principal

BLUE/GOLD SCHEDULE

Johnsonburg Area High School utilizes a traditional schedule. All academic courses meet daily for 45 minutes. A 30 minute Multi-purpose period is also scheduled for each day and is utilized for remediation, additional instruction, and study hall.

ATTENDANCE

School attendance is one of the most important responsibilities required of parents and students. Instructional and learning opportunities lost through absence from class may not be retrievable.

Please be aware that all absences and tardies appear on the permanent record card. Therefore, we ask that every effort be made to compile a good record of attendance and punctuality. This record may be very important when seeking college admission as well as employment in business and industry. This is reported every nine weeks on student report cards.

Included in the Attendance Section are the following categories:

- Compulsory Attendance Law of the State of Pennsylvania
- Provisions for Enforcement
- Excuses: Excused vs. Unexcused & Early Dismissals
- Excessive Absences
- Tardiness
- Educational Trips
- Exceptions to Compulsory Attendance

COMPULSORY ATTENDANCE LAW OF THE STATE OF PENNSYLVANIA

"The Omnibus School Code Amendments under Act 16 of 2019 states: "Compulsory school age" shall mean the period of a child's life from the time the child's parents elect to have the child enter school and which shall be no later than six (6) years of age until the child reaches eighteen (18) years of age. The term does not include a child who holds a certificate of graduation from a regularly accredited, licensed, registered or approved high school.

THE STATE LAW IS VERY STRICT IN REGARD TO CHILDREN'S ABSENCE FROM SCHOOL. ILLNESS OF THE CHILD, DEATH IN THE FAMILY AND EXTREME EMERGENCY REASONS ARE THE ONLY REASONS FOR ABSENCE THAT THE STATE WILL ACCEPT AS LEGAL EXCUSES.

ATTENDANCE GUIDELINES

Unexcused absence letters will be sent home after every offense.

If a student is to be absent from school, the parent/guardian should call the school the morning of the absence prior to 7:45 a.m. Prior to the start of school on the day a student returns from absence(s), he/she must submit a written excuse signed by the parent/guardian to the High School Office. This excuse slip indicates whether the absence is excused for a lawful reason or if it is unlawful and/or unexcused. It is the responsibility of the student to collect the assignments missed.

In accordance with Pennsylvania state law, if a student has been absent ten (10) days total for the school year per lawful parental excuse, a doctor's excuse becomes required to verify subsequent absence(s) beyond the 10 day limit. The principal has the duty to review long-term illnesses and habitual absenteeism on an individual basis.

The following are acceptable causes for an absence from school:

- Sickness
- A death in the family
- Confirmed medical or legal absence
- Religious holidays

- Certain appointments that cannot be scheduled during non-school hours
- School activities approved by the administration
- School approved authorized educational trips
- Visitation to colleges/universities
- Suspension from school
- Impassable Roads
- Principal Discretion

Illegal/Unexcused absences include, but are not limited to:

- Not knowing there was school
- No clean clothes to wear
- Missed the bus
- Went out of town
- Overslept
- Baby-sitting
- Work
- Vacation (unless approved in advance)
- Hunting or fishing (unless approved in advance)
- Haircut
- Shopping
- Personal reasons
- Car problems
- Someone is in town visiting
- Senior Pictures
- Banking
- Birthday

If no written excuse from the parent or guardian is presented by the end of the fifth calendar day following your return to school, the days absent will be considered unlawful or unexcused. Excuses must contain the student's name, dates of the absence, and the reason for the absence. Excuses can be written, emailed, or faxed to the High School Office.

If a student becomes ill at school, the student must see the school nurse. If the school nurse determines that a student is ill and should be sent home, the time missed will be marked excused. However, any student circumventing seeing the nurse and calling home without the nurse's medical recommendation will be marked unexcused or unlawful.

Corrective action will take place for all unexcused and unlawful absences as outlined below:

First Offense and Second Offense:

- Attendance letter mailed home.

Third Offense:

- Parents will be served with a legal notice indicating that there have been three (3) or more days of unlawful absences. The building administration will convene a Truancy Elimination Plan meeting with the parents/guardian and a Truancy Elimination Plan (TEP) will be developed and implemented.

Fourth Offense:

- Meeting with the student to review TEP guidelines and consequences.

Fifth Offense:

- Whenever a student reaches five illegal absences, citations will be served through the local district judge's office whenever a student reaches 6 illegal absences. (NOTE: Each unlawful absence may result in substantial fines up to \$300 per day plus court costs may be imposed by the district magistrate.)

Concurrent with the filing of the first citation with the district magistrate, a referral will be made to Children and Youth Services for the respective county of residence.

Tardies- 3-10 unexcused tardies will result in 30 minutes of after-school detention; 10+ tardies will result in 60 minutes of after-school detention.

Students must be in school by 8:00 AM on the day of school dances in order to attend, unless excused.

Students must be in their 1st period class by the late bell, 7:45 AM, or are considered tardy to school.

EARLY MEDICAL RELEASE

If a student is released before the end of the school day for a medical reason, the student must have permission from the High School Principal to participate in a school function or sports activity later that evening or the following day, should there be no school.

Students who are sent home by the Nurse and have been absent 10 or more total days per lawful excuse and/or have incurred 3 or more illegal absences will receive and illegal half-day or full-day absence. This decision is at the Principal's discretion.

AFTER SCHOOL DETENTION

1. Detention hours may be assigned by the administration for tardiness, truancy, excessive absences, or violation of school rules/regulations.
2. Detention will meet in the classroom of the teacher who assigned the student detention or in the principal's office.
3. Detention time will be 2:30-3:30 pm on Monday through Friday.
4. Detention assignments take priority over all other activities including jobs, appointments, athletics, and other extra-curricular practices, games, contests, etc.
5. Students will be given at least a 24-hour notice of the detention date unless the notice is waived by a parent or the student. Students must report with ample schoolwork to keep them academically engaged for the duration of the detention time.
6. Student must arrive for detention by 2:30. Students reporting late will not be admitted and will be recorded as having "cut", resulting in reassignment, as well as additional consequences.
7. Detentions will only be rescheduled if the student presents a doctor's excuse or a written note from a parent or guardian. Only 4 parental notes per year will be accepted to reschedule ANY type of detention and notes must be presented to the office before 9 am the day of the detention.
8. Detentions canceled due to unplanned early dismissals may be served on the next available day or rescheduled by the office staff.

DISCIPLINARY CONSEQUENCES THAT ARE NOT ATTENDED AS A RESULT OF AN UNEXCUSED/UNLAWFUL ABSENCE, WILL BE CONSIDERED A "CUT" AND RESULT IN THE DOUBLING OF THE TIME ORIGINALLY SCHEDULED.

COLLEGE VISITS

In order to qualify as a college visit, the Pennsylvania Department of Education requires that either a teacher or guidance counselor accompany the student(s). Students who choose to visit a college or trade school on their own will need to complete an "Educational Trip" form. Educational trips are counted as an excused absence.

FAMILY EDUCATIONAL TRIPS

The School District recognizes that there are times when students will be absent due to family travel. The following procedures should be followed:

- Request an Educational Trip form from the Office. This form is to be completed by the parent or guardian.

- The student is responsible for securing signatures on this form from all his/her teachers.
- This form must be returned to the Office before the scheduled trip; otherwise the trip will be considered unexcused.
- All students will be responsible for making up school work during the period of absence.

A maximum of 10 days will be excused each school year for educational trips. All absences for educational trips, regardless of their length, will count toward this 10 day limit. Absences in excess of the ten days will be unexcused. In extenuating circumstances, approval may be granted by the high school principal for additional days.

Educational trips taken without the required prior approval will result in unexcused absences for the days missed. Teachers are not required to provide assignments, make-up examinations, etc., for unexcused absences.

No Educational Field Trips will be approved during PSSA or Keystone Testing windows if a student is scheduled to participate in testing. Educational field trips will also not be approved if a student has been absent 10 or more total days per lawful excuse. Upon return from a Educational Field Trip, students have 5 calendar days to make up any work that is missed.

EXCEPTIONS TO COMPULSORY ATTENDANCE

Students between the ages of 6 and 18, pursuant to the Compulsory Educational Laws of Pennsylvania shall attend school regularly except those excused for the following reasons:

Homebound Instruction

Students receiving homebound instructions are considered present. Homebound tutors will be provided for any students who will be absent for a minimum of 6 weeks (exceptions maybe granted by the Principal) provided there is written permission for such instruction, the diagnosis, and the prognosis from the family physician. The prognosis shall be stated in terms of maximum length of time. A School District homebound form must be completed by the physician and returned to the High School Office, for approval by the Superintendent. These forms may be obtained in the High School Office.

Mental or Physical Disability

Again, appropriate School District forms must be completed and filed in the High School Office.

Attendance at a Non-public School

The school should be approved by the PA State Department of Education.

MAKING UP WORK

- Unexcused Absence—all work missed for this reason may be entered as zero credit.
- Excused Absence—Make immediate plans to do make up work. It is the student's responsibility to contact the teachers and to make arrangements to make up missed work.

Work not made up within ten (10) school days of returning to school and/or the end of a marking period, will be recorded as a failure in the grade book for that subject and assignment.

HOMEWORK REQUESTS

Parents of students who are legally absent or excused from school may call the office to request that day's homework. Requests should be made before 9:00 AM. Homework assignments may be picked up in the office between 2:30 and 3:00 PM. Students should also reach out/contact their teachers in regards to missed assignments.

ENROLLMENT PROCEDURES

A student who wishes to enroll at the Johnsonburg Area High School and his/her parent or guardian must fully complete the "Johnsonburg Area School District Student Registration Packet", which includes, but is not limited to providing the following information at the time of enrollment:

- a. Proof of the child's date of birth
- b. Verified record of immunization as prescribed by state law
- c. Completion of ACT 26 Form
- d. Required proof of residency
- e. Home Language Survey

TRANSFER STUDENTS

Upon registration and prior to admission to the School District, the parent, guardian or person having control or charge of the student shall provide a sworn statement or affirmation stating whether the student previously was suspended or expelled from any public or private school of the Commonwealth or any other state for an offense involving weapons, alcohol or drugs; for the willful infliction of injury to another person; or for any act of violence committed on school property.

Parents and guardians shall be informed that any willful false statements concerning this registration shall be a misdemeanor of the third degree.

This registration statement shall be maintained as part of the student's record and shall be available for inspection as required by law.

WITHDRAWAL POLICY FOR STUDENTS OVER EIGHTEEN

Students who are seventeen or older and have accumulated a sufficient number of unexcused absences in the school year may be withdrawn from school for the remainder of the school year. This is based on Chapter 11, section 11.24 of the Regulations of the State Board of Education. Before the student is withdrawn, a conference will be held with the student and the parent/guardian to make an attempt to improve and ensure regular attendance.

Due Process procedures will be followed.

WITHDRAWAL PROCEDURES

Any student who needs to withdraw from school should begin the withdrawal procedure by seeing the Guidance Counselor and the Attendance Secretary, preferably two weeks in advance of leaving. The student withdrawing from school will receive a withdrawal form that will be signed by the principal, guidance counselor, parent, student, and each teacher after all books and materials issued during the year have been returned.

STUDENT EXPRESSION POLICY 220

Limitations on Student Expression

Students have the right to express themselves unless such expression is likely to or does materially and substantially disrupt or interfere with the educational process, including school activities, school work, discipline, safety and order on school property or at school functions; threatens serious harm to the school or community; encourages unlawful activity; or interferes with another's rights. Student expression is prohibited to the extent that it:

1. Violates federal, state or local laws, Board policy or district rules or procedures;
2. Is defamatory, obscene, lewd, vulgar or profane;
3. Advocates the use or advertises the availability of any substance or material that may reasonably be believed to constitute a direct and serious danger to the health or welfare of students, such as tobacco/vaping products, alcohol or illegal drugs;

4. Incites violence, advocates use of force or threatens serious harm to the school or community;
5. Materially and substantially disrupts or interferes with the educational process, such as school activities, school work, discipline, safety and order on school property or at school functions;
6. Interferes with, or advocates interference with, the rights of any individual or the safe and orderly operation of the schools and their programs; or
7. Violates written district procedures on time, place and manner for dissemination of otherwise protected expression.

Student expression that occurs on school property or at school-sponsored events, or occurs at any time or place when created or communicated using district-provided equipment, email, websites or other technological resources, is subject to this policy. The limitations, prohibitions and requirements of this policy shall apply to expression that occurs outside the foregoing circumstances only when and to the extent that the out-of-school expression:

1. Incites violence, advocates use of force or otherwise threatens serious harm directed at students, staff or the school environment;
2. Materially and substantially disrupts or interferes with the educational process, such as school activities, school work, discipline, safety and order on school property or at school functions; or
3. Interferes with, or advocates interference with, the rights of any individual or the safe and orderly operation of the schools and their programs.

Dissemination of Non-school Materials

The Board requires that dissemination of non-school materials shall occur only at the places and during the times set forth in written procedures. Such procedures shall be written to permit the safe and orderly operation of schools, while recognizing the rights of students to engage in protected expression.

The Board requires that students who wish to disseminate non-school materials on school property shall obtain approval by submitting them at least one (1) school day in advance to the building principal or designee, who shall forward a copy to the Superintendent.

If the non-school materials include matters prohibited by this policy, the building principal or designee shall promptly notify the students of the nature of the violation and that they may not disseminate the materials until the violation is corrected and the materials are resubmitted for approval.

If notice of disapproval is not given during the period between submission and the time for the planned dissemination, students may consider the request approved and proceed with dissemination as requested, subject to all other established procedures and requirements relating to time, place and manner of dissemination. Students may nonetheless be directed to cease or suspend dissemination if it is later determined that the materials or the dissemination of them are in violation of this policy or implementing rules and procedures.

Students who disseminate printed non-school materials shall be responsible for clearing any litter that results from their activity and shall schedule the event so that they do not miss instructional time themselves.

Printed non-school materials displayed in a fixed location of a school building shall bear the date when placed in each location. The district may remove the materials within ten (10) days of the posting or other reasonable time as stated in applicable procedures.

Review of Student Expression

Review of non-school materials proposed for dissemination shall be conducted promptly so as to avoid unreasonable delay in dissemination.

School officials shall not censor or restrict non-school materials or other student expression for the sole reason that it is critical of the school or its administration, or because the views espoused are unpopular or may make people uncomfortable.

Student-initiated religious expression is permissible, and apart from regarding time, place and manner, shall not be restricted unless the expression violates some other aspect of this policy, e.g., because it is independently determined to be in violation of this policy for reasons other than the religious nature of the content.

Appeal of the reviewer's decision may be made to the Superintendent and then to the Board, in accordance with Board policy and district procedures.

SEARCH POLICY, POLICY 226

The Administration reserves the right to search the school and its grounds. This includes lockers and automobiles. Students are to have no expectation of privacy with regard to lockers or vehicles parked on school property. Searches may be unannounced and may utilize canines to detect contraband such as stolen items, drugs, alcohol, and weapons. Legal authorities may assist the Administration during a search. A student's person and/or personal effects (including backpack, purse, or trapper) may also be searched whenever a school official has reasonable suspicion that the student is in possession of illegal and/or unauthorized material. A student's failure to permit and/or cooperate with a search will be grounds for immediate disciplinary action including suspension from school and law enforcement notification. Video cameras may be placed in any Johnsonburg Area School District bus. Students may be subject to being recorded on the school bus at any time, including athletic, band, field trip travel. The actual recording could be audio and/or video.

STUDENT LOCKER SEARCH

The school district reserves the right to have its officials inspect the contents of any locker at any time for the purpose of determining whether the locker is being improperly used for the storage of weapons, contraband, a substance or object the possession of which is illegal or any material that poses a hazard to the safety and good order of the school in accordance with school board policy 226.

All requests for the search of a student's locker shall be directed to the principal. The principal may appoint a representative to be present at the inspection in his/her absence. No less than two people will be present at all such searches.

The principal or representative may take possession of weapons, contraband, or illegal substance found in the locker and shall be responsible for the safekeeping and proper disposal of any substance, object or material found to be improperly stored in a student's locker. Locker inspections will be documented, setting forth the reason(s) for the search, persons present, objects found, and their disposition.

Random searches and the use of drug-sniffing dogs in the school building and on the grounds of High School may take place periodically during the school year.

VISITOR PARKING

Visitors are to park in the visitors' parking spaces provided in front of the building in the classroom area. Do not park in front of the Central Offices. This area is to be kept open for buses, deliveries, emergency vehicles, etc.

VISITORS ON SCHOOL GROUNDS

All visitors to our school must first report to the High School Office to secure a visitor's pass. Visitors should meet in the Main Office with the person(s) they came to see.

Persons who have not registered in the Office and who do not have a visitor's pass may be prosecuted for trespass.

Appointments should be made at least one day in advance when possible. It will not be possible to interrupt a teacher for a visit or conference when that teacher is assigned and is teaching an academic class.

Visits by anyone outside the school are discouraged except in emergencies. Out-of-town students may visit the school provided that (1) arrangements are made in advance with the Principal and each teacher, and that (2) the visitor is of school age. These visits are limited to one day only.

BUILDING USE

Individuals wishing to use the school building or the school grounds must secure a Building Use form in the Office. Once completed, this must be approved by the Principal, Maintenance Supervisor, and the Superintendent.

FIRE DRILLS

A number of fire drills are conducted in the school throughout the year. Students are to become familiar with evacuation routes and exiting in a timely and orderly manner. Once outside, students are to assemble out of danger's path staying together as a class so the teacher can take attendance.

EMERGENCY CLOSINGS

Emergency closing of school is broadcast on local radio and television stations between 6-6:30 AM. Closing information is also available via text message. Information can also be found on our Facebook page - Johnsonburg Area School District news.

SCHOOL CANCELLATIONS/ EARLY DISMISSALS

When school is canceled or students are dismissed early as a result of inclement weather, all activities scheduled for that day are canceled as well. These activities include sport practices and games.

PESTICIDES

The application of pesticides is usually done when students and staff are not in session. Public notification is given in advance. Questions or concerns should be addressed to the maintenance supervisor.

ASBESTOS MANAGEMENT

The Asbestos Management Plan of the school district is available for review by any parent, teacher, employee, and any organization using our school facilities.

POSTING OF LITERATURE

Administration must approve any posting of literature, such as signs or flyers which is not directly supervised by a classroom teacher.

PETS

Pets are not permitted in school or on school property. Any exceptions must be approved by the administration

BREAKFAST/LUNCHES: FREE/REDUCED

Free and reduced breakfast/lunch applications are sent home with the students and are also available at the Central Office.

CAFETERIA POLICY

The Johnsonburg Area School District utilizes a Point-Of-Sale (POS) computer system. This computer technology allows the district to provide debit accounts for student meals as well as meal tracking capabilities. To purchase a lunch item, the student will enter his/her four digit pin number and the amount is automatically deducted from his/her account.

Parents are urged to take full advantage of this system by placing money in a students account on a weekly, monthly, or annual basis. Students will be notified when their accounts are getting low so a deposit can be made.

Parents and students should be aware there will be no charging of meals. The cafeteria line will be cashless so deposits must be made in the office on an as needed basis.

Each cafeteria monitor reserves the right to set specific cafeteria policies for his/her lunch. - Vocational Agriculture

RAM ACADEMY

The RAM Academy is available to students considering attending an online cyber school. Students who successfully earn the required credits and fulfill the graduation requirements set forth by the JASD are eligible for a JASD diploma. Entry into the RAM Academy must be made at the start of a nine week marking period.

SCHEDULING

Course selection sheets will be issued to each student in the spring of each year through the Guidance Department. Course changes will be made prior to the beginning of the school year. Each student will carry a minimum of seven (7) credits, consisting of required courses and electives.

SCHEDULE CHANGES

Student schedule changes are made for the following reasons:

(1) a computer error; (2) a required course for graduation is needed; (3) a student lacks the prerequisites; (4) a course needs to be repeated; (5) there is a change in enrollment in a course of study. Schedule changes are done by the Guidance Counselor and must be in writing.

GRADUATION REQUIREMENTS

Planned instruction and planned courses in several academic areas are designed to provide our students with a rigorous and challenging curriculum.

Successful completion of school courses, participation in the Keystone Exams, and instruction in each series will be considered evidence that the student has demonstrated achievement of the exit outcomes. Students must earn a minimum of 24 credits in order to graduate and must complete 4 credits in English, 4 credits in Social Studies, 3 credits in Math, and 3 credits in Science. Keystone Proficiency will be necessary for the graduating class of 2022-2023.

In addition to achieving the exit outcomes, seniors are required to complete 39 hours of community service and successfully complete the Career and Job Readiness course in order to graduate. Two job shadow requirements are necessary for graduation. Community Service and Job Shadow requirements must be completed by April 1st of a student's senior year. Students with an Individual Education Plan (IEP) may opt to graduate in accordance with the appropriate governing regulations.

Students entering 9th grade in the 2022-2023 school year and after will be required to complete 44 hours of Community Service. Students are required to complete a minimum of 11 hours per year or will be deemed ineligible to participate in any school sponsored activities, including extra-curricular activities and attendance at dances. (Students may complete more than 11 hours per year.)

Any graduating senior is required to attend scheduled graduation practice. If they do not attend, their ability to walk at the graduation ceremony may be denied.

In order to be eligible to be honored as Valedictorian or Salutatorian, a student must remain in their 9th-12th in-person instruction cohort. Students who transfer into JAHS after the first day of their 9th grade year or participate in full-time online learning are ineligible for this distinction.

GRADING

Attendance, class participation, and similar factors are proper educational values bearing on a student's achievement. Each teacher shall distribute a written description of course grading procedures to students at the beginning of a semester. Grades are an evaluation of what the student has learned. Grades become part of a permanent record that lasts as long as the individual lives. Institutions of higher learning, potential employers, and the various military services are all interested in a student's high school performance records. You earn them—we keep them!

The following is the grade scale used at JAHS:

A	B	C	D	F
93 to 100	86 to 92	77 to 85	70 to 76	Below 70

Incomplete work must be made up within ten (10) school days after the grading period ends to earn credit for the made up assignment. No grade below 60 will be issued on a student report card for the first half of any course.

Only Advanced Placement/Dual Enrollment courses taken during the regular schedule will count toward GPA and class rank. Any A.P. courses taken outside of the regular schedule will not be used to calculate either GPA or class rank.

ONLINE GRADING / PARENT PORTAL

Online grading is accessible to parents. If you would like to access your child's grades online, please report to the high school office to receive your confidential access code. Parents can visit this website for more information:

www.johnsonburgasd.net

CSIU Parent Portal access will only be granted to parents or legal guardians of students.

REPORT CARDS

Report cards are given out every nine weeks to notify parents of the student's academic progress.

PROMOTION REQUIREMENTS

Failure of two (2) major subjects in seventh and eighth grade may result in retention. This will be at the administration's discretion.

- Freshmen must earn six (6) credits to be seated as Sophomores.
- Sophomores must have accumulated at least twelve (12) credits to be seated as Juniors.
- Juniors must have accumulated at least eighteen (18) credits to become Seniors.

Permitting summer school for failed course work is at the discretion of the administration. The student is responsible for all fees, costs, and transportation related to the summer school program. Students who successfully complete summer school will receive a grade of 70% and credit for the course taken. Students must earn a 60% or higher in the core classes to be eligible for Summer School.

COMMUNITY SERVICE, POLICY 227

All students are required to complete a total of 39 approved hours of community service for graduation. All community service hours must be completed by April 1st in order to participate in the graduation ceremony. To complete the required 39 hours, students must complete 11 hours of community service in each of ninth, tenth and eleventh grades. Students should complete the remaining 6 hours during their senior year. (Students not completing 11 hours in the respective year by the beginning of the new school year may not be permitted to participate in any extracurricular activity (i.e. sports, dances, attend sporting events, etc). - It is a privilege for a student to represent the school through participation in interscholastic athletics and extra-curricular activities. These programs are voluntary and not needed for graduation. Those students who choose to participate have a greater responsibility as a school citizen than those who do not. Participants are held to higher standards of academics and conduct. Extra time, hard work, cooperation, commitment, sacrifice, positive attitude, and sportsmanship are some of the qualities that are expected of participants.

Participation in Play-Off Competition

- Teams entering play-off competition must have a 500 record. Individuals entering post-season competition must have the qualifying criteria of the league/P.I.A.A., etc. (wrestling, gymnastics, golf, track, cross country). If the team/individual does not meet the criteria and wants to continue but the coach does not, the matter will be discussed with the Athletic Director. A lack of a resolution at this level will be referred to the Board for a final determination. If a team/individual does not meet the criteria, the Board, upon the request of the respective coach, will consider authorizing play-off competition based on their win-loss record against schools of similar size.

B. CURRICULUM AND ELIGIBILITY SYSTEM

- Any student who is failing two courses, regardless of credit value, is academically ineligible to participate in PIAA athletic competition. Students who are academically ineligible are not permitted to attend games during their suspension.
- In cases where a student's cumulative work from the beginning of the grading period shows that he/she is failing in any credit course, he/she shall be ineligible for participation the following week from Monday through Sunday.
- In order to be eligible for extra-curricular activities, make-up work may be completed, providing it is in accordance with the regular rules of school. However, at the end of the school year, the student's final credits in his/her subjects rather than his/her credits for the last grading period shall be used to determine his/her eligibility for the next grading period. Credits can be made up during summer months.
- At the end of each marking period any student that failed two (2) courses shall be ineligible to participate in interscholastic activities for the first fifteen (15) school days of the next grading period beginning on the first day report cards are issued.

- New pupils must meet eligibility requirements on curriculum. Pupils who are enrolled for the first time must comply with the requirements of the curriculum rules. The standing required for the preceding week, the preceding grading period, or the preceding year shall be obtained from the records of the last school which the pupil has attended.
- The Office will provide a list of sports participants to each teacher.
- The athletic director and principal are responsible for informing the Office, in writing, by use of a percentage or letter grade, of all participants academically deficient in their subject area. This list is to be submitted to the Athletic Director each Friday.
- Any participant who receives an Office call and is reprimanded may be suspended from the sport in which he/she is taking part for a period of one week.

- Any athlete arriving to school after 8 a.m. is ineligible to participate in extra-curricular activities, including practice, on that day.
- Extra curricular daily attendance will be run by 1:00 PM daily.
- Exceptions will be made in such cases as funerals and medical emergencies, etc.
- All exceptions will be under the jurisdiction of the Principal and Athletic Director.
- In order to be eligible to participate in any interscholastic athletic contest, a student must have been regularly enrolled in a secondary school and in full-time attendance thereafter.
- A pupil who has been absent from school during a semester for a total of twenty (20) or more school days, illegal or excused, shall be ineligible to participate in any athletic contest or extra-curricular activity until he/she has been in attendance for a total of sixty (60) school days following his/her twentieth day of absence except that when there is a consecutive absence of five or more school days, due to a confining illness, injury or death in the immediate family as defined in Section 1154 of the Public School code of 1949, such absence may be waived from the application of this rule by District Committee. Attendance at summer school does not count toward the sixty days required.
- For a new student, fifteen (15) days or more of enrollment in a semester in any secondary school shall count as one semester or part of a semester.
- Students who are on homebound instruction are not eligible for participation in school sports or extracurricular activities.

D. ATHLETIC PROCEDURES

Johnsonburg Area High School is a member of District IX of the Pennsylvania Interscholastic Athletic Association. The local governing body is the Athletic Committee composed of the following members:

- Board of Education
- Superintendent
- High School Principal
- Athletic Director

1. Age

A senior high school student may participate in any interscholastic contest until he/she becomes nineteen (19) years of age. If the age of nineteen (19) is attained on or after July 1, the student will be

eligible for participation in all sports for the remainder of that school year. Also, all eligibility will return to the eight (8) semester rule.

2. Parental Consent

A student shall be eligible for practice or participation in each sport only when there is on file with the Principal a valid certificate of consent which must be a PIAA Parent's Certificate.

All students must have a signed statement from their parent or guardian stating they have insurance coverage. A standardized form for parental or guardian signature will be provided.

3. Physicals and Insurance

According to PIAA rules, all candidates must undergo a physical examination and must have some form of insurance coverage, be it school or parental. No student will be permitted to participate in interscholastic activity unless he/she has insurance covering accidental injury. The responsibility for insurance coverage lies with the parent/guardian who signs the parental consent card. The Board, at its discretion, may provide coverage for participants in PIAA sports. A licensed doctor gives the examination at stated times. No student shall be considered eligible and his/her condition pronounced satisfactory except by the school or family physician. No student athlete will participate in any chosen sport until his/her physical form and liability form are on file with the Athletic Director.

Before each subsequent sports season of the same academic year, the student shall be re-examined by a doctor verifying that his/her condition is satisfactory. Before he/she commences to practice the intended sport, the doctor shall sign the PIAA Physician's Certificate.

Physicals are provided in June for athletes planning on participating in athletics during the upcoming school year at no cost. Student athletes who do not get a physical during this time are required to schedule and pay for a physical exam through their family physician.

4. Drug and Alcohol Testing

In order to participate, all athletes and cheerleaders will agree to be tested for alcohol and illegal drugs. Both students and parents/guardians must sign a consent form giving the approved school vendor permission to test for illegal substances. No athlete or cheerleader may participate in any activity, practice, or contest unless a signed permission form is on file in the High School Office. If an athlete is tested and any result(s) of the tests is positive, the athlete or cheerleader may not participate in any way until a negative result(s) is achieved and the athlete is approved to resume participation by the High School Principal or his designee. Detailed guidelines and procedures are contained in the School District's Drug Testing Policy for athletes and cheerleaders which may be obtained in the High School Office.

5. Participation Rules

A student shall not represent his/her school in interscholastic athletics if he/she has:

Been in attendance more than eight (8) semesters beyond the 8th grade except in case of long confining illness or injury that necessitates repeating a grade.

Played four (4) seasons beyond the 8th grade in any one sport.

A student who enters school in the second semester and plays two part seasons in the same sport in separate school years shall be considered as playing the equal of one season.

Any member of a high school team, who participates in an athletic contest as an individual or as a member of another team in the same sport during the same season shall be ineligible to compete in that sport for the remainder of the high school's sport season.

Any athlete joining a team after the first legal practice date must have a minimum of ten days of practice before competing in a regularly scheduled event. Athletes desiring to join a team after 3 weeks must request this in writing from the principal.

The season shall begin with the first legal practice date for that

sport. It shall include vacations, holidays, and periods of suspension, and shall end with the last legal playing date for the regular season in that sport unless the team is entered into the PIAA playoffs or PIAA tournament, in which event the season shall end with the last contest in which that team participates in such playoffs or tournament.

6. Out of Season & Out of School Rules and Regulations

The school shall not be involved with athletic programs that relate to its interscholastic athletic programs outside of the PIAA defined sports seasons. The school shall not provide any of the following for out-of-season athletic programs: school name, uniforms, equipment and supplies, personnel representing the school, financial support, transportation, officials, publicity, nor any other support or assistance that is directly or indirectly related to the school.

The coach or other representative of the school shall not require an athlete to participate in a sport or a training program for a sport outside of the PIAA defined sports' season.

Athletes may voluntarily elect to participate in weight training and other conditioning programs outside of the PIAA defined sports' seasons. Such programs shall be restricted to conditioning activities, and shall not be for skill and/or team development.

All activity in a sport, including practices, shall terminate by the last legal playing date for the regular season in that sport unless the team is entered into the PIAA playoffs or PIAA tournament. If the team is entered into the PIAA playoffs or tournament, all activity in the sport must terminate on the day of elimination from the PIAA event. If a high school team conducts practice and/or plays a contest beyond these limits, each member of the team will be ineligible for one year.

Summer months: The school does not engender sports programs over the summer. Student programs are open and voluntary.

7. Additional Rules

At the conclusion of a sport season, each head coach must submit a list of equipment that is unaccounted for and/or has been declared as lost by individual participants. This list shall contain the name(s) of anyone responsible for this lost equipment. Sports equipment issued to any student is the student's responsibility and he/she will be held accountable for damaged or lost equipment.

Any accident or injury incurred by any athlete must first be reported to the head coach of that sport. The coach will recommend to the athlete whether or not the injury or accident should require medical attention. If medical attention is obtained, the Principal's secretary must be notified by the athlete within one week of the incident in order that an insurance claim may be opened. Any athlete who does not report such a claim to the Principal's Office within one week will become liable for payment of such claims. The recommended procedure for all injuries is that the report be made immediately to the proper school authority.

The following rules are established so that the objectives of the athletic program may be better realized. These rules are to be considered in effect for the entire school year.

All athletic equipment must be turned in to the respective coaches within two weeks of the conclusion of the competitive season. Students will not be able to practice for or participate in the next sport season until all athletic gear from the previous sport is returned to the school.

With each of the offenses listed above, the additional discipline by the Board increases with the severity of the offense. The Board of School Directors reserves the right to take alternative actions in all instances. STUDENT BEHAVIOR CODE

Procedures and Guidelines used in Administering the Discipline Policy

DISCIPLINE PHILOSOPHY - GOALS

School policies, procedures, rules, and regulations are grounded in two basic premises:

1. The safety, health, and welfare of all school students and personnel are paramount.
2. The educational process must not be disrupted.

To provide a safe and effective learning community, the Johnsonburg Area School District maintains a discipline code. This code will govern circumstances or actions that have impact upon the district, its employees or students, or the educational process. This code gives a general description as to the consequences that the school will impose through its system of discipline.

The discipline outline herein will be carried out in accordance with the laws of Pennsylvania and the policies of the Johnsonburg Area School District (Board Policy #218). However, this code cannot anticipate every possible circumstance or type of misconduct. It is intended to serve as a general guide applicable to most, but not all, situations.

Parents have the responsibility to be aware of the school's policies, rules and regulations, and to work with the school in reinforcing appropriate behavior.

Students have the responsibility to be familiar with the policies, rules and regulations, and consequences, and to behave in a positive manner.

Attendant upon the rights established for each student are certain responsibilities, which include regular attendance; conscientious effort in classroom work and homework; conformance to Board policies and school rules and regulations; respect for the rights of teachers, students, administrators and all others who are involved in the educational process; and expression of ideas and opinions in a respectful manner.

It shall be the responsibility of the student to:

1. Be aware of all policies, rules and regulations for student behavior and conduct him/herself accordingly. Each student shall assume that, until a rule is waived, altered or repealed in writing, it is in effect.
2. Volunteer information in matters relating to the health, safety and welfare of the school community and the protection of school property.
3. Dress and groom to meet standards of safety and health, and not to cause substantial disruption to the educational processes.
4. Assist the school staff in operating a safe school.
5. Comply with federal, state and local laws.
6. Exercise proper care when using district facilities, school supplies and equipment.
7. Attend school daily and be on time to all classes and other school functions.
8. Make up work when absent from school.
9. Pursue and attempt to satisfactorily complete the courses of study prescribed by local school authorities.
10. Report accurately in student media.
11. Not use obscene language in student media or on school property.

Violations of this policy may result in disciplinary action, consistent with the Code of Student Conduct and Board policy.

Due Process

Any student charged with a violation of the discipline code will be informed of the violation and provided the reasons for any discipline action. Students charged with a violation of the discipline code are afforded an opportunity to be heard prior to the assigned consequence by school personnel/building administration.

Disciplinary action may result in:

- a. Loss of privileges of membership in any student organization.
- b. Loss of eligibility for athletic competition.
- c. Loss of privilege of participation in any student activity, such as clubs, publications, trips, musical, or dramatic productions.

In each discipline situation it is a primary aim of the school officials to impress on each student, by effective faculty counseling and guidance, the need, value, and advantage of good conduct. Students, regardless of age or marital status, are subject to all rules and regulations as set forth in this handbook and district policies. As a general rule, discipline will be progressive. This means that a student's first violation will usually merit a lighter penalty than subsequent violations.

BEHAVIORAL CONSEQUENCES

Lunch Detention

Lunch detentions are the lowest level of disciplinary consequences assigned. Lunch detentions require a student to eat lunch outside of the cafeteria under the supervision of a staff member. Lunch detentions may be assigned for cafeteria violations, minor classroom disturbances, general misbehavior. Whether a student is assigned lunch detention or regular detention is at the discretion of the administration based upon the nature of the incident and the discipline history of the student.

Regular Detention

A detention is assigned for misbehavior which impedes orderly classroom procedures or interferes with the orderly operation of the school. Detentions will be scheduled Monday through Friday. Failure to serve an assigned detention leads to more serious consequences as outlined in the discipline code. Parents may request a detention be reassigned for emergencies or extenuating circumstances, but a detention will not be rescheduled for practices, games, or other programs. Whether a detention date is re-scheduled is at the discretion of the administration. If the student is absent the day of the assigned detention, she/he must serve the detention the next day detention is held upon their return to school. Transportation arrangement for detention is the responsibility of the parent or guardian.

Suspension

A **temporary** suspension may be assigned for acts directed against persons or property which may result in seriously endangering the health or safety of others in school, behavior that seriously disrupts the educational process. It may last from 1-3 days and be either in-school or out of school, at the discretion of the administrator based on the nature of the incident and/or history of the offending student. The student is excluded from all extra-curricular activities for the day(s) of suspension. Parents will be notified by telephone or in writing as soon as possible.

In-School Suspension (ISS), Out-of-School Suspension (OSS)

All students serving an in-school suspension are provided direct supervision by a teacher or administrator. In both an ISS and OSS assignment, students are provided with regular coursework and assignments provided by the student's teachers. Special education students are provided with all accommodations outlined in said students IEP, including all specially-designed instruction.

A full suspension is assigned for more serious issues and will last four (4) to ten (10) days out of school (OSS) under parent or guardian supervision. Out-of-School suspension may warrant SAP (Student Assistant Program) referral. The student is prohibited from school property for the day(s) of suspension. Additionally, the student is excluded from all extra-curricular activities for the day(s) of suspension. Parents will be notified by telephone or in writing as soon as possible.

Superintendent Referral

Any student suspended for a Level II or III offense the second time may be referred to the Superintendent. Any student to be suspended for a Level IV offense will be immediately referred to the Superintendent.

Board Referral

Any student suspended for a Level II or III offense the third time may be referred by the Superintendent to the Board of School Directors.

Fourth Suspension

Any student suspended for a fourth time, regardless of the offense or its level, will automatically be referred to the Superintendent for consideration of an expulsion hearing.

Expulsion

Expulsion may be imposed only by a vote of the Board of Education. The administration will request a formal hearing before the Board of Education when the situation warrants. All disciplinary hearings will be conducted in compliance with chapter 12 of the State Board of Education Regulations.

Referral to Civil/Criminal Justice System

Many offenses that occur in the school, during transportation or at school sponsored activities will result in referral to the police, district attorney, or district magistrate. The district has a zero tolerance for these types of offenses. Examples of these offenses include: possession, use, or distribution of tobacco, drugs, alcohol or weapons; assault; theft; fire equipment offenses; vandalism; etc. Many of these offenses may result in harsh fines or other penalties.

BEHAVIORAL CONTRACTS

Behavioral contracts may be used with students under IEP's, with students that have a history of behavioral noncompliance, non-resident students or at the instruction of the board of school directors, superintendent or principal. These contracts will define specific behavioral limits to be observed, consequences or strategies to be used that are consistent with the student's needs.

VAPING, NICOTINE / TOBACCO POSSESSION OR USE

Per Board Policy 222, the Board prohibits possession, use, or sale of tobacco, nicotine and nicotine delivery products by students at any time in a school building and on any property, buses, vans and vehicles that are owned, leased or controlled by the school district. The Board also prohibits possession, use or sale of tobacco, nicotine and nicotine delivery products by students at school-sponsored activities that are held off school property. For purposes of this policy, tobacco includes a lighted or unlighted cigarette, cigar, cigarillo, little cigar, pipe or other smoking product or material and smokeless tobacco in any form including chewing tobacco, snuff, dip or dissolvable tobacco pieces.

Nicotine shall mean a product that contains or consists of nicotine in a form that can be ingested by chewing, smoking, inhaling or through other means. A nicotine delivery product shall mean a product or device used, intended for use or designed for the purpose of ingesting nicotine or another substance. This definition includes, but is not limited to, any device or associated product used for what is commonly referred to as vaping (vapor-style cigarettes/devices) or juuling. Violations of this policy will result in disciplinary action.

Any student caught or observed with tobacco/nicotine delivery products on school property, at school events or on the school contracted transportation system will be referred to local law enforcement and may be subject to charges, court appearances, and/or fines. Referral to SAP will be made.

BUS TRANSPORTATION & DISCIPLINE

Students riding on buses are under the jurisdiction of school authorities, who are responsible for their conduct from the time they board a bus in the morning until the time they are delivered home after school. The bus driver is in charge at all times and is authorized to assign seats. Boisterousness endangers everyone's safety and will not be tolerated. Your driver has a great responsibility for your safe transportation. When your bus arrives after classes have begun, report to the office so that your name may be taken off the absentee list.

If a student(s) is/are causing a general disturbance on a bus, it is the bus driver's responsibility to contact the building administration. Parents will be informed that further problems could result in the student losing his/her bus privileges. As with all discipline matters, the seriousness of the violation may require initiation of discipline at a higher level. To monitor student conduct and ensure student safety, video cameras may be placed in any Johnsonburg Area School District bus. Students may be subjected to being videotaped on the school bus at any time. Proper student conduct on school buses is essential to the health and safety of all students. Persistent or serious misbehavior on the part of any pupil will result in the revocation of the privilege to ride the school bus. Should a student lose the privilege, it becomes the responsibility of the parent or guardian to provide transportation.

The following guidelines will be used:

First Offense:

The bus drivers must present the Conduct Report to the bus contractor. The bus contractor will refer the Bus Conduct Report to the elementary or high school principal. Typically, a warning will be issued and a letter from the respective principal will be sent to the parent after the first offense. If the incident warrants, the student may lose the privilege to ride the bus for one (1) day, three (3) days, seven (7) days, or for the remainder of the year. Action taken depends upon seriousness of the offense. Discipline code consequences may also be imposed.

Second Offense:

Same procedure as above. (Action taken depends upon seriousness of the offense.) A letter will follow the second offense or any bus offense thereafter.

Third Offense:

Automatic suspension of bus privileges. It could be for the remainder of the year.

Fourth Offense:

Automatic suspension of bus privileges. This suspension could be for the remainder of the year. Referral will be made to the Superintendent.

In compliance with state and deferral law, notice is hereby given by the Johnsonburg School District that it conducts ongoing identification activities as a part of its school program for the purpose of identifying students who may be in need of special education and related services (eligible students). If your child is identified by the District as possibly in need of such services, you will be notified of applicable procedures.

Individualized services and programs are available for children who are determined to need specially designed instruction due to the following conditions:

1. Intellectual Disability
2. Autism
3. Deaf-blindness
4. Deafness
5. Emotional Disturbance
6. Hearing Impairment
7. Multiple Disabilities
8. Orthopedic impairment
9. Other Health Impaired (includes ADHD)
10. Specific learning disability (includes dyslexia, dyscalculia, dysgraphia and other learning differences)
11. Speech and language impairment

13. Visual Impairment including blindness

If you believe that your school-age child may be in need of special education services and related programs, or young child (age 3 to school-age) may be in need of early intervention, screening and evaluation, there are processes designed to assess the needs of the child and his/her eligibility. These are available to you at no cost, upon written request. You may request screening and evaluation at any time, whether or not your child is enrolled in the District's public school program. Request for evaluation and screening are to be made in writing to Mrs. Kara Vollmer or the high school principal. (814-965-2556)

In compliance with the state and federal law, the Johnsonburg Area School District will provide to each protected handicapped student without discrimination or cost to the student or family, those related aids, services or accommodations which are needed to provide equal opportunity to participate in and obtain the benefits of the school program and extracurricular activities to the maximum extent appropriate to the student's abilities. In order to qualify as a protected handicapped student the child must be school age with a physical or mental disability that substantially limits or prohibits participation in or access to an aspect of the school program. These services and protections for "protected handicapped students" are distinct from those applicable to all-eligible or exceptional students enrolled (or seeking enrollment) in special education programs.

For further information on the rights of parents and children, provision of services, evaluation and screening (including purpose, time and location), and rights to due process procedures, you may contract in writing the person listed above or any building principal.

Confidentiality: All information gathered about your child is subject to the confidentiality provisions contained in federal and state law. The District has policies and procedures in effect governing the collection, maintenance, destruction and disclosure to third parties of this information. For information about these policies and proce-

dures, as well as rights of confidentiality and access to educational records, you may contact in writing the special education supervisor or any building principal.

ENGLISH LEARNER (EL)

The Johnsonburg District will screen and assess all students designated as appropriate by the Home Language Survey. If determined a student is in need of an EL program, the district will work in a collaborative process with the students' family and deliver an appropriate ESL curriculum to the students who require the program.

The district currently has an EL-Program Team in place that, along with the parents, will develop the ESL program. The District will attempt to address parent concerns in this process; however, as an educational leader the District will ultimately be responsible for providing the program. Parents will take complaints to the building principal and have the right to appeal to the superintendent for any program changes. If the parents are not satisfied with this outcome they can then request a hearing with the Board to resolve program issues.

HEALTH SERVICES

A School Nurse is available or on call (if assigned to another location) from 7:30 AM to 3:00 PM daily. An Authorization for Medical Services Form is provided on the first day of school or upon enrollment for each student. Parents should report any unusual health problems, such as allergic reactions, special medications, etc., on this medical form. THE AUTHORIZATION FOR MEDICAL SERVICES FORM IS TO BE COMPLETELY AND ACCURATELY FILLED OUT AND RETURNED TO THE HOME ROOM TEACHER BY THE SECOND DAY OF SCHOOL.

On this form, parents give their permission for the Nurse to administer certain over-the-counter medications to their child that have been approved by the school physician. These medications include a non-aspirin substitute for pain/fever, an antacid for heartburn/indigestion, caladryl/calamine lotion for insect bites/rash, eye wash for foreign body or eye irritation, and benadryl for an allergic reaction following a bee sting. IF THE FORM IS RETURNED WITHOUT PARENTAL PERMISSION, THESE MEDICATIONS WILL NOT BE GIVEN. These are the only over-the-counter medications that the Nurse can administer. If your child requires any other medication (prescription or non-prescription), a written doctor's order must accompany your request for the Nurse to administer it during the school day and the parent must bring the medication to school. The medication is not to be brought to school on a school bus by a student.

Except in an emergency, students reporting to the Nurse's Office must have a pass from the teacher of the class they are missing. Students should not report to the Nurse without first notifying their scheduled teacher.

It is imperative that parents and guardians provide the school with current information on home phone, work phone, and emergency contacts to allow us to contact you in case your child becomes ill or is involved in some kind of accident.

Although the physical and mental health of each child is primarily the responsibility of the home and parents, the School District provides not only state-mandated health services but also functions to maintain and improve the health of each student while in school. Each pupil shall receive a comprehensive health examination in kindergarten, sixth, and eleventh grade by the school physician. A private examination conducted at the parents' request and at their expense will be accepted in lieu of the school examination. Each pupil shall receive a comprehensive dental examination in first, third, and seventh grade by the school dentist. A private examination at the parents' request and at their expense will be accepted in lieu of the school examination. For each pupil transferring to the schools of this district, the Superintendent shall request an adequate health record from the transferring school.

A health record is kept on file in the Nurse's Office for all students.

MEDICATIONS

All medications, both prescription and non-prescription, should be given to the Nurse to safeguard and administer during school hours. Medications should be delivered in the original pharmaceutical and properly labeled container. In some cases, the Office will assist the Nurse. The possession and/or dispensing of any medication by a student during school hours, be it pre-

scription such as Ritalin or Adderall, or non-prescription such as Tylenol or Listerine, is strictly prohibited. Suspension or expulsion from school can be a consequence. Some medications, such as Ritalin, a Schedule II drug, carry serious legal consequences as well. Parents should make every effort through their physician to arrange that medication be taken during non-school hours and communicate with the school any changes in or termination of medication.

When it is necessary for students to take prescribed or over-the-counter (OTC) medications during school hours, the following shall apply:

- Written authorization from parent/guardian requesting the giving of the specified dosage of medication must be presented to the school.
- Medication containers must be labeled with the patient's name, date, dosage, and time to be given AND placed in the custody of the school nurse.
- The school nurse shall administer all physician-prescribed medication.
- Students are not permitted to "share" medications with other students. In each case, the parents will be contacted and serious consequences for the students could result.
- A note must accompany all prescription medication from the doctor and written parent permission in order to be given in school.
- Over-the-counter medication other than Tylenol, Advil, or Sudafed must be accompanied by a note from the doctor and include written parent permission.
- All prescribed or over-the-counter medication must be delivered by the parent and kept in the nurse's office. Students may not possess medication at any time.

Please contact the School Nurse if there are any questions or concerns. Students may carry and utilize medical apparatus's such as asthma inhalers, EpiPens, etc. with permission from the principal, district nurse, and by doctor recommendation.

STUDENT ASSISTANCE PROGRAM (SAP)

Student Assistance programs, which are in place in all 501 school districts in Pennsylvania, are designed to be intervention, not treatment, programs for students. Through a systematic procedure, students who are experiencing school-related difficulties are identified and helped in the most appropriate manner possible. Student Assistance programs revolve around a "core team" which is composed of teachers, school counselors, administrators, nurses, and agency personnel who have been specifically trained for their participation on the Student Assistance team. The goal of Student Assistance is to help students who are having difficulties for one reason or another.

The Student Assistance team receives referrals from staff, parents, and students themselves. Information is then gathered from staff members who have contact with the referred student. A team member then volunteers to meet with the student individually to discuss the reason(s) for the referral.

If recommended by the team, trained specialists offer formal assessments to the students. These individuals work closely with the team and make recommendations based on information gathered from all sources. These recommendations may include a referral for treatment and/or school-based services. Confidentiality between student and school personnel will be respected and maintained in the best interest of the student.

Any student who violates the School Board Policy #227, Drug and Alcohol Abuse, will be referred to Student Assistance and will be required to comply with any recommendations made by the drug and alcohol counselor. Services can be declined by parents and/or guardians but must be submitted in writing to the building principal.

COUNSELING SERVICES

Counseling services are an integral part of the total educational process. The services provided by the school counselor are designed to help each student develop the knowledge, skills, and self-reliance needed to make good decisions and to make personal and social adjustments. Peer mediation may be provided when conflicts between students occur. Peer tutors are utilized to help students when assistance is needed in academic areas. If your child is in need of services, such as drug and alcohol and/or mental health, please contact the school counselor for additional information.

WORKING PAPERS/STUDENT EMPLOYMENT CERTIFICATES

Certificates of Employment, or working papers, can be obtained in the Office of the Principal. In order to apply for working papers a student must be at least 14 years old and must have an offer of employment from an employer.

Working Papers can be revoked by the school if the student fails to maintain adequate academic standing.

DRUG TESTING: RANDOM

All students participating in extra-curricular activities or school privileges may be included for random drug testing.

HOMELESS SERVICES

Implementation of this program ensures that homeless children and youth have equal access to same, free, appropriate, public education including preschool education, as provided to other children and youth. Rights of Homeless Children & Youth Include:

SUICIDE PREVENTION

Protecting the health and well-being of all students is of utmost importance to the school district. School Board Policy 819 15 is a suicide prevention policy which will help to protect all students through the following steps:

1. Students will learn about recognizing and responding to warning signs of suicide in friends, using coping skills, using support systems, and seeking help for themselves and friends. This will occur in all health classes.
2. School counselors serve as liaisons and a point of contact for students in crisis and to refer students to resources.
3. When a student is identified as being at risk, they will be assessed by a mental health professional associated with the school and its SAP team who will work with the student and help connect them to appropriate local resources.
4. Students will have access to national resources which they can contact for additional support, such as: The National Suicide Prevention Lifeline, 1-800-273-8255 (TALK), www.suicidepreventionlifeline.org - The Trevor Lifeline, 1-866-488-7386, www.thetrevorproject.org
5. All students will be expected to help create a school culture of respect and support in which students feel comfortable in seeking help for themselves or friends. Students are encouraged to tell any staff member if they or a friend are feeling suicidal or in need of help.
6. Students should also know that because of the life or death nature of these matters, confidentiality or privacy concerns are secondary to seeking help for students in crisis.
7. For a more detailed review, please contact the school counselor.

SAFE2SAYSOMETHING

1-844-Saf2Say--(1-844-723-2729); <https://www.safe2saypa.org/> and <https://www.safe2saypa.org/tip/>

In 2018, the General Assembly passed Act 44 mandating the establishment and use of the "Safe2Say Something" (S2SS) anonymous reporting system by every Pennsylvania school entity by January 14, 2019. S2SS is a life-saving and life-changing school safety program that allows tipsters to anonymously report this information through the S2SS app, website, or 24/7 Crisis Center Hotline.

Program Background: The Office of the Attorney General (OAG) has established S2SS and will manage and maintain the program. The OAG, in partnership with Sandy Hook Promise (SHP), a leader in anonymous reporting systems, has built the application, website, and PA-based 24/7 Crisis Center. SHP is a national non-profit committed to creating safe schools and com-

munities through their four evidenced-based Know the Signs intervention programs. How it Works:

1. Via mobile app, website, or phone call—arrives first at the S2SS Crisis Center.
2. Crisis Center analysts vet and triage the tip, then engage the tipster in anonymous two-way chat.
3. In order to provide detailed and immediately actionable information to schools and dispatch.
4. Crisis Center analysts deliver the tip to the impacted school and, as needed, local law enforcement via 911 County dispatch. The school and, as needed, local law enforcement, assess and intervene with threat-risk individual.
5. The school then closes out the tip and reports actions taken as a record for their school.
